DOMESTIC SECTION 214 APPLICATION FILED FOR AUTHORIZATION OF NORTH AMERICAN COMMUNICATIONS CONTROL, INC., TO ACQUIRE ASSETS OF A.R.C. NETWORKS, INC.

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 02-267

On July 3, 2002, A.R.C. Networks, Inc. d/b/a InfoHighway ("A.R.C.") and North American Communications Control, Inc. ("NACC"), pursuant to section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214 (the "Act"), filed an application for approval to transfer control of certain assets from NACC to A.R.C.¹ The assets are NACC's customer base (and corresponding accounts receivable) in 19 states, including local exchange customers in New York, and long distance customers in Arizona, California, Connecticut, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, Minnesota, New Jersey, New York, North Carolina, Pennsylvania, South Carolina, Texas, Utah, Vermont, and Virginia.

Applicants assert that this application is subject to streamlined processing under section 63.03(b)(2)(i) of the Commission's rules because the proposed transaction would result in the transferee, A.R.C. (and its affiliates), having a market share in the interstate, interexchange market of less than 10 percent; the transferee would provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange that is not a party to this transaction; and neither of the applicants is dominant with respect to any service.²

A.R.C. is a wholly-owned subsidiary of ARC Networks, Inc., a Delaware corporation ("ARC-Parent"). ARC-Parent is a wholly-owned subsidiary of InfoHighway Communications

¹ This application was resubmitted to the Wireline Competition Bureau on August 26, 2002. See Letter from Susan M. Hafeli, Shaw Pittman LLP to William Dever, Assistant Chief, Competition Policy Division (filed Aug. 26, 2002).

² 47 C.F.R. § 63.03(b)(2)(i).

Corporation ("ICC"), a Delaware corporation. GTCR Fund VII, L.P., a private equity firm located at 200 W. Madison Ave., 17th floor, Chicago, IL 60606, holds 71.4 percent of the equity of ICC.

The applicants have agreed to a multi-step transaction for the purposes of transferring NACC's customer base and accounts receivable to A.R.C. subject to receipt of requisite regulatory approvals. This transaction will not result in a change in control of either party. For the purposes of effectuating the transfer, the applicants have executed an Asset Purchase Agreement (the "Agreement"), effective May 31, 2002. Pursuant to this Agreement, NACC will transfer its customer base to a subsidiary of A.R.C., NACC Acquisition Management, Inc. ("NACC-AM"), in exchange for cash and ICC preferred stock. Upon NACC's sale and NACC-AM's acquisition of the customer base of NACC, ICC, as ultimate parent, will take the necessary actions to merge NACC-AM into A.R.C. As a result, A.R.C. will be the entity providing telecommunications services to current NACC customers.³

Applicants state that the transaction will serve the public interest, convenience, and necessity because it will promote competition in the provision of domestic telecommunications services. Applicants state that acquisition of the customer base of NACC will enable A.R.C. to expand its customer base, allowing it to increase revenues and thereby to compete more effectively in local and interexchange telecommunications markets.
